

FINGERING CHART

Note: When using this fingering for B $\flat$, the first finger of the left hand must close both the first finger-plate and key.

Diagram of the Instrument

Showing location of finger-plates and keys.

How to read the chart:

- indicates finger plate closed.
- indicates finger plate open.
- Numbers indicate key to be depressed.
- TK indicates thumb key depressed.

For example:

supplies the following information:

- (1) The top three finger plates are closed by fingers 1-2-3 of the left hand.
- (2) The next three finger plates remain open.
- (3) Key 7 is depressed.
- (4) The thumb key is depressed.
